Re: PHILIP MORRIS INCORPORATED - Proposed new  
patent application in Brazil, based on  
U. S. application No. 728,140, filed May  
10, 1968, entitled: "Smoking product and  
method of making the same" -  
Your File 582-534

Gentlemen:

Further to our letter of April 1st, 1969, please find  
enclosed one copy of the Portuguese translation of the specifi-  
cation and claims in compliance with your letter of March 20th.

The original title of the invention:

" SMOKING PRODUCT AND METHOD OF MAKING THE SAME"

was amended to:

"CIGARETTE WRAPPER AND RESPECTIVE CIGARETTE PRODUCED WITH SAME"

As regards claims 2 and 4 directed to the cigarette,  
please be informed that in our opinion they will be objected by  
our Patent Office as they merely repeat the inventive characte-  
ristics of the cigarette wrapper of claims 1 and 3.

Your comments and instructions would be appreciated.

We are now looking forward to receive your formal in-  
structions and the data on the inventor to include them in the  
application.

Orig. w/encl. airmail

Very truly yours
